# Hungarian Organization for Patients with Immunodeficiencies

**HFIC, Hungarian Foundation for Immundeficient Children** established in 1991 in Debrecen

- **HOPI** separated from HFIC in 2010. From that year HOPI is an independent association.
- Center: Department of Infectious and Pediatric Immunology, Medical and Health Science Center, University of Debrecen, Debrecen
- HOPI is closely associated with **Jeffrey Modell Foundation (JMF)**, **IPOPI**, **Octapharma Nordic**, **J Project** and the **Hungarian Society for Immunodeficiencies (HUSID)**
- Association is part of the JMF/Octapharma WIN Grant
- Current number of the group is approx. 270 people

# Ongoing projects...

- Organizing **Immunology Day 2014**

- EPF Capacity Building Program

# Success story

- Agreement with the **Hungarian National Health Insurance** (May, 2013)
  - individual financing
  - necessary dose for every patients  
(based on the body weight kgs)

# PID Professional Forum

## April 26, 2013

# Issues, unresolved problems

- Lack of the appropriate education
- Lack of the necessary contribution
- Not enough experts (long waiting list)

# Plans for the future.....

- Increasing awareness
- Finding local supporters and grants
- Involving more members for our active work („work in team”)
- Collaboration with the other Hungarian member organization

**Thank you for your attention!**
