

## NMO Assessments 2022

All IPOPI members are required to pay an annual IPOPI assessment fee, with the exception of new associate members who are exempted of paying the fee during the first year of membership. The following years, the fee of each national member organisation (NMO) is assessed by the IPOPI Board based on the GDP of the country. The Board can exceptionally grant deductions to the assessment based on individual consideration, should an NMO have a financially challenging year.

IPOPI Assessment Levels:	
<b>A (Associate NMO)</b>	<b>25 €</b>
<b>L</b>	<b>50 €</b>
