Prof. Aziz Bousfiha

Ahmed Aziz Bousfiha is a highly accomplished Professor of Pediatrics based in Casablanca, Morocco. With a Doctor of Medicine degree obtained in 1990, he has excelled in various positions, including being the Head of the Pediatric Infectious Diseases Department at P1-Children's Hospital Abderrahim Harouchi-CHU Ibn Rochd. Dr. Bousfiha has also made significant contributions to academia, serving as an Associate Professor and later Professor of Pediatrics at Hassan II Ain Chock University. In addition, he has been actively involved in research, holding the position of Director of LICIA, a Research Laboratory in Clinical Immunology, Inflammation, and Allergy. Dr. Bousfiha's expertise extends to his involvement in scientific societies, including being the President of the Moroccan Society for Immunodeficiencies and serving on international committees related to immunology. He is a respected figure in the field, known for his dedication and contributions to pediatric care and immunology research.
