Dr Héctor Eduardo Guidos-Morales

Héctor Eduardo Guidos-Morales is a dedicated medical professional specialising in paediatric allergy and clinical immunology. He earned his M.D. degree from the Universidad de El Salvador in 2000 and subsequently completed specialised training in paediatrics and allergology. Dr Guidos-Morales currently heads the Allergy and Clinical Immunology Unit at the Hospital Nacional de Niños Benjamin Bloom in El Salvador. Beyond clinical practice, he actively contributes to public health initiatives as a member of the National Immunizations Task Advisory Group (NITAG) and the Love Shield Foundation for Primary Immunodeficiencies (PID) in El Salvador. Dr Guidos-Morales is also involved in academia, serving as an invited professor for Immunology and Genetics courses at Universidad Dr Matías Delgado and holding the position of Associated Professor of Pediatrics at the Universidad de El Salvador.
