ENCUENTRO DE IPOPI
DE PACIENTES CON IDPS
EN AMÉRICA LATINA

Dr Jose Luis Franco Restrepo

Physician, MSc in Immunology and Doctor in Biomedical Sciences with emphasis in Human Molecular Genetics, with doctoral studies at the University of Antioquia in Medellin (Colombia) and the National Human Genome Research Institute in Bethesda (Maryland, US). He did his postdoctoral training at the National Cancer Institute (NCI) of the National Institutes of Health in Maryland (United States).

He was president of the Latin American Society of Immunodeficiencies (LASID), secretary of the Committee on Inborn Errors of Immunity of the International Union of Immunological Societies (IUIS), Associate Editor of the Journal of Clinical Immunology and co-founder of the FIP Foundation for patients with Inborn Errors of Immunity in Colombia. He serves as professor of Immunology and Molecular medicine at the Department of Microbiology and Parasitology and Pediatrics at the School of Medicine of the University of Antioquia. He is the head of the Group of Inborn Errors of Immunity and the Jeffrey Modell National Reference Center for research and diagnosis in these diseases in Colombia. His work focuses on the immunological and molecular characterization of Inborn Errors of Immunity in humans.
