

## Dr Adli Ali

Dr Adli Ali is a prominent Consultant Paediatric Immunologist and Head of Immunology at Hospital Pakar Kanak-Kanak UKM. With a Master's and a DPhil from the University of Oxford, he holds key roles, including Director of the UKM-HPKK Research Center. Actively engaged in translational immunology, Dr Ali is a member of IPOPI, SEAPID, and TIGERS. Recognised as a Key Opinion Leader, he has 45 indexed journal publications, 50 scientific presentations, and is frequently invited to international conferences. Dr Ali seamlessly integrates clinical practice, research, and leadership in advancing paediatric immunology.
