

FUNDRAISING

PID Tsubasa-no-Kai

Japan

Donation trough vending machines

- Promotes donation vending machines to raise funds and awareness for Primary Immunodeficiencies (PID) in Japan.
- Through sales, these machines generate donations for patient support. In 2023, four machines raised 36,462 JPY (250 USD/225 EUR), supporting group activities and building awareness about PID.
- Learn more about this project [here](#).
