

Maria Anebane

Maria Anebane, 40-year-old, has been managing the challenges of Common Variable Immunodeficiency (CVID) since her diagnosis at the age of 16. Despite this, she has successfully pursued her education, holding a Bac +4 degree in business administration. She is the mother of four children, including 15-year-old twins, an 11-year-old son, and a 5-year-old daughter. For the past two years, Maria has worked as the head of a nursery school. In addition to her professional commitments, she has been an active member of the Haja's Association for 20 years and has served as the treasurer of their NMO for the past three years.
