

Moses Muchege

Moses Gitonga Muchege is a passionate NMO advocate for individuals with Primary Immunodeficiencies (PIDs) in Kenya. His journey into this field began in 2020 when his daughter was diagnosed with a PID (and previously having lost two children through PID), prompted him to join PIDS Association Kenya. Since then, Moses have been at the forefront of advocating for better awareness, diagnosis, and treatment of PIDs within our communities.

Through PIDS Association Kenya, he aims to empower families affected by PIDs, promote early detection, and advocate for improved healthcare policies to support individuals with Primary immunodeficiencies. Professionally, Moses is a Data Network Technician with a Diploma in Telecommunications Engineering.
